PROFESSIONAL PROFILE

Ambitious and results-oriented graduate with a B.Sc. in Cyber Security (Second Class Upper, CGPA 4.34) and completed NYSC service. Proven ability to deliver excellent service, communicate effectively across diverse stakeholders, and support business operations in fast-paced institutional environments. Brings strong analytical, problem-solving, and interpersonal skills developed across government and energy sector placements. Passionate about building a career in sales and banking operations, and eager to contribute to UBA's mission of driving business growth across African markets.

PROFESSIONAL EXPERIENCE

IT Support (NYSC) | Infrastructure Concession Regulatory Commission (ICRC), Abuja Jan 2025 – Jan 2026

- Delivered prompt and professional support services to 100+ internal clients (staff), resolving hardware, software, and network issues — building strong service-oriented and stakeholder communication skills.
- Managed service requests from multiple departments simultaneously, prioritising effectively and ensuring timely resolution to maintain smooth business operations.
- Maintained detailed records of service interactions and outcomes, contributing to institutional efficiency and demonstrating strong organisational and reporting discipline.
- Collaborated with administrative and operations teams to understand business needs and align IT service delivery — developing cross-functional coordination and business-awareness skills.
- Prepared and presented regular operational reports to management, demonstrating clear written and verbal communication skills in a professional environment.

Information Security Intern | Nigerian National Petroleum Company Ltd (NNPC), Abuja 2023

- Engaged with multiple business units to assess operational risks and communicate security requirements, building strong stakeholder engagement and advisory skills in a large corporate environment.
- Delivered structured risk assessment reports and recommendations to senior management, demonstrating analytical thinking and the ability to translate complex findings into clear business language.
- Collaborated with cross-functional teams across IT and compliance departments to implement solutions, developing a track record of teamwork and initiative within a large enterprise.
- Maintained strict data confidentiality and compliance standards, demonstrating integrity, professionalism, and attention to detail essential for banking operations.

Data Entry Personnel | Overcommer Telecommunication, Nasarawa 2019

- Provided accurate and efficient data management services, maintaining records with zero tolerance for error — demonstrating the precision and reliability required in financial operations.
- Applied confidentiality protocols consistently, building a foundation of professional integrity and data governance awareness.
